House and Leisure magazine shows of with local duo talent

## AMANDA HERHOLDT and LISE BUTLER textile designers

**W**e remember the first time we saw fabulous patterned fabrics by Amanda Herholdt (left) and Lise Butler: on the Loads of Living stand at Decorex in 1999. Back then the duo, who now work under the label Design Team, were students at Pretoria Tech. Loads of Living has subsequently featured Design Team's seasonal ranges of soft furnishings and now carries an extensive collection, ranging from lampshades to kitchen accessories. Collaborations include ceramics by Anthony Shapiro featuring their patterns and fabric development for St Leger & Viney and the Fabric Library. Their designs will also soon be featured on a clothing range for Big Blue. **Design Team 012-653-8738, 082-371-9135, lisebutler@lantic.net.**
